## Notes

- (a) The reduction in investment in associates was mainly due to the reclassification of an interest in associate of S\$0.831 million net of impairment loss of S\$0.111 million to asset held for sale.
- (b) The decrease in trade and other receivables was mainly due to impairment loss recognised of S\$7.048 million and repayment of debts of S\$3.9 million.
- (c) The decrease in loan and borrowings was due to decrease in trade payables financing for its plastics business.
- (d) The increase was due to provisions made on onerous contracts of S\$91k and additional provision for claims of S\$786k.
- (e) The reduction was mainly due to impairment losses on related parties receivables of S\$3.9 million and receipts from other receivables of S\$3.7 million.

## **Review of Performance**

### Continuing operations

#### FY2012 vs FY 2011

### Revenue

The Group reported a revenue of S\$161.2 million for the financial year ended 31 December 2012 ("FY 2012"), a decrease of S\$13.5 million

Revenue from the Trading and Others segment decreased by \$\$11.7 million (or 7%) to \$\$156.4 million for FY 2012. Revenue from the Plastics Division decreased by S\$16.9 million to S\$140.6 million due mainly to a reduction in plastic resin prices of 7%. The decrease in revenue was also due to the absence of \$\$2.9 million revenue from the leasing of the North East Line 2G Telecommunication Infrastructure which ended in June 2011. This reduction in revenue was partially offset by an increase in seafood sales of S\$7.7 million. The Seafood Division commenced business in the last guarter of 2011.

Revenue from the Projects segment decreased by \$\$1.8 million to \$\$4.8 million due to fewer projects secured during the year.

## Group's loss before tax

The Group posted a loss before tax of S\$8.9 million compared to a loss of S\$5.6 million in the previous year.

The Trading and Others segment reported a loss before tax of S\$7.1 million for FY 2012 compared to S\$0.8 million in the prior year due mainly to lower revenue, S\$6.3 million allowance for doubtful receivables, S\$1.5 million write-down of inventory and S\$0.1 million provision for onerous contracts in FY 2012. In FY 2011, the Group had provided for allowance of doubtful receivables of S\$2.4 million.

The Projects segment reported a lower loss before tax of S\$0.3 million compared to S\$2.7 million. This was due mainly to provisions for claims of S\$0.8 million, offset by a write-back of allowance for doubtful receivables of S\$0.2 million. In FY 2011, allowance for doubtful receivables and provision for claims amounted to \$\$2.4 million and \$\$0.1 million respectively.

The Group's share of profit from its associates increased from S\$0.8 million to S\$0.9 million.

Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable

A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The Group expects the business environment to continue to be challenging as the global economic outlook remains uncertain.

The Board has been reconstituted and a new CEO, Mr Foo Der Rong has been appointed to head the management team since the beginning of FY 2013. The Group will undertake a thorough review of its existing businesses and develop strategies to take the Group forward. The Group will continue to focus on identifying new business opportunities for growth and will leverage on its long established brand name and its extensive regional network.
