Financial Highlights

Financial Highlights

Key Highlights of 2021

Intraco Trading

- Volume growth  14%
- Revenue growth  52%
- Profit growth  35%

K.A. Group

- Work progress is affected by manpower shortage and safe management measurement.
- Signs of recovery since 4th quarter 2021 with more contracts secured

Intrawave

- Moving into provider of IoT solutions and smart managed services on Environmental, Social & Governance (“ESG”) in addition to the current business of provision of mobile radio infrastructure services

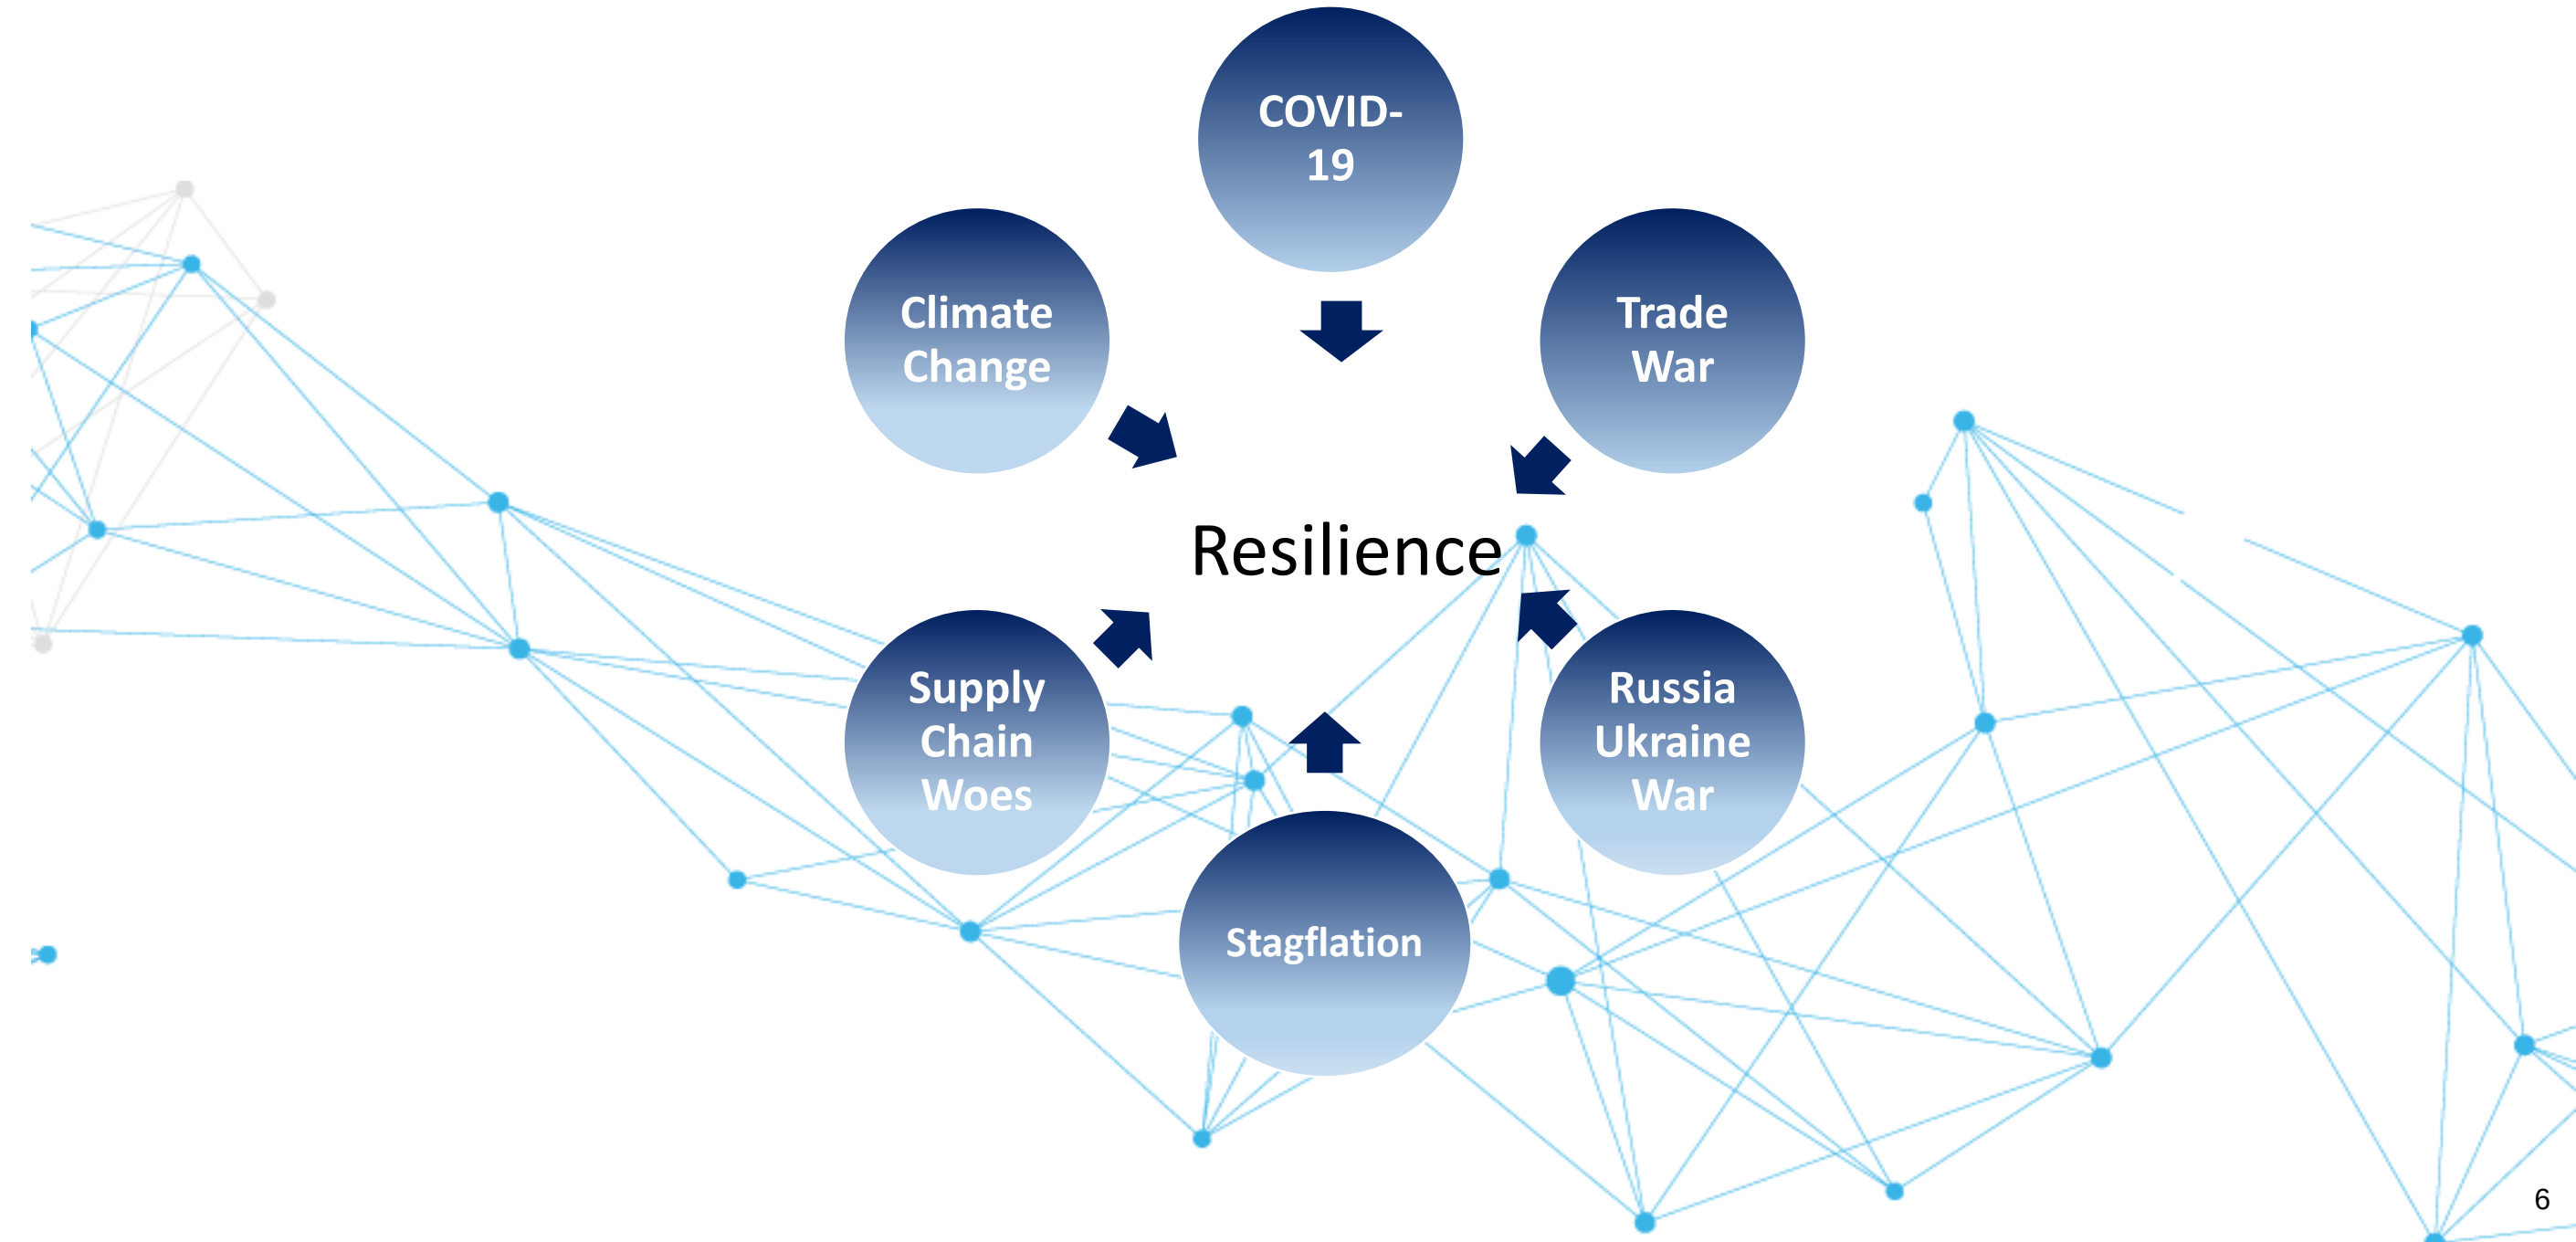

Proposed MHC Digital Group acquisition

- An avenue for the Group to gain access into the fast growing digital asset industry

Key Challenges

INTRACO Limited
(Incorporated in the Republic of Singapore)
Company Registration Number 196800526Z

Position for Growth

Intraco Trading

- Continue to expand customer base, geographical coverage and product/services type as well as reaching out to worldwide new supply sources
- Explore opportunities to collaborate with upstream and downstream partners
- Improve value proposition for our customers in the areas of supply chain and working capital

Intrawave

- 5G deployment in S'pore and the region
- ESG & IoT smart solutions to support climate change and carbon emission initiatives

K.A. Group

- Upgrade product capabilities to capture market share
- Explore opportunities beyond S'pore

❖ **Proposed acquisition of a Digital Asset Platform Group – MHC S'pore**

Resilient at core and be prepared for the Digital Economy

Thank You
