INVOCATION OF FORCE MAJEURE BY A MAJOR SUPPLIER

The Board of Directors of Intraco Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) wishes to announce that its wholly-owned subsidiary, Intraco Trading Pte. Ltd. (“**ITPL**”), has today received a letter from one of its suppliers notifying ITPL that due to the recent military conflict in the Middle East, its ability to fulfil based on contracted supply agreement has been severely affected by a Force Majeure event. This is primarily due to the security situation in and around the Straits of Hormuz which has resulted in significant disruption of olefins supply, resulting in many of its production lines being forced to stop for an extended period. In the letter, the supplier has notified us that the quantity of product that it may be able to deliver to ITPL through this Force Majeure event will be communicated in due course and that the duration of the Force Majeure event remains uncertain and it will notify ITPL once it has concluded. ITPL is seeking further clarification and information from the supplier and concurrently sourcing for alternative supply.

The abovementioned supplier accounted for approximately 18% of ITPL’s total purchases in the financial year ended 31 December 2025.

The Company will make further announcements should there be any material developments.
